Dear Colleagues,

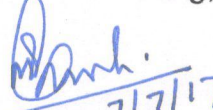

While going through the Annual Training Report (Scout Wing), it is found that Regional Headquarters has taken very poor interest in sending the same. The statement is enclosed which reflect the performance of your office in sending Annual Training Report. You are requested to take immediate action in this regard. Also ensure that every state will dispatched ATR before 15.07.2017.

As stated in the above circular & reminder, NTC need the same by post in hard copy with official sign and seal. However, the states are sending mail copy, but hard copy is must to have records.

In case of non receiving, will be viewed carefully.

Thanking you.

Yours in Scouting,
