The Chairman while welcoming all members for their contribution to overall advancement of the Scout Movement thanked the Hon’ble National Commissioner Mr. B.I. Nagarale, IAS(Retd.), who has introduced the concept of Think Tank in the Bharat Scouts and Guides and for nominating him as the Co-Chairman of the Think Tank and appreciated that many positive changes can be seen at National Headquarters for such innovative steps. He is expecting more developments under the dynamic leadership of Mr. B.I. Nagarale and stated that Think Tank is a cluster of thinkers who came from different walk of the Society but focus their mind on a particular subject at common goal. He said Think Tank in Bharat Scouts and Guides is a policy making body conducting research, analysis, consultation, assessment, plan, suggest and advocate to eradicate the bias if any. Most policy institutes are non profit organizations which in some countries such as the United States and Canada provide with tax exempt status. Other think tanks are funded by Governments, Advocacy groups or businesses, derive revenue from consulting or research work related to their projects. The term Think Tank with
its present sense originated in the year 1950. The Institute for Defence and Security Studies (RUSI) was founded in 1831 in London. Think Tanks vary by ideological perspectives, sources of funding, topical emphasis and prospective consumers. India has third largest number of Think Tanks in the World. Many are based in New Delhi and a few are Government sponsored. In Delhi there are 272 Think Tanks like Centre for Civil Society and NCCD, etc. Indian Think Tanks face several Challenges such as - insufficient funding, lack of skilled staff and limited support from the Government.
