Society has changed. Value based education is very much required to the Society as well as Community in the time of Natural Calamities like Earthquake, Disaster, Train accident, Road accident, Fire accident, River accident at Kedarnath(Uttarakhand), Himachal Pradesh and hilly areas. Most of the incidents were in hilly areas and Scouts/Guides, Rovers/Ranges helped the victims and Society at that time. All the communication was stopped during the natural calamity. Telephone/Mobile Phone are not working. No effective communication was there. A Scout being an able bodied should come prepared and help the people and society with great zeal. At that time Hospital services like stretcher, blood donation/ blood grouping are very much required. National Service Scheme (NSS) Volunteers offer their services and Scouts/Guides/Rovers/Rangers should also give their services. How to use civic amenities at that time? First of all, we can tell people to use a dustbin and napkins, washing the hands before taking food, work to supply the required medicines under the guidance of medical experts, etc.

Shield Competition Log books and guidelines are available in Hindi and there should be no problem for units in filling up the details. It was an opportunity for the Rover and Ranger Units to get some funds for participation in Upa-Rashtrapati Award.
