- Agenda item No.1 : To involve more youngsters in creating better Scouting Guiding Activity.

  a. The committee feels that the involvement of the youth in our organization is decreasing and there should be "One Day Attachment Programmes" with youth, who are non-scouts to attract them to the organization. These should be
programs which connects the movement with the Community. The committee recommends introduction of activities which involves the community to be conducted at all levels, this will to attract youth and also increases visibility.

One day programs - "Live like a Scout/Guide Today" could be of great impact

b. Activities of Bharat Scouts and Guides should be advocated in colleges nationwide, through posters and hoardings along with the contact numbers of the nearest BSG network branch.

c. Most of the Scouts/Guides are not an active part of the organization after completion of Rajyapuraskar / Rashtrapati Award. The Committee recommends that reunion of alumni members at State/District and Unit level should be initiated. This will also help to increase Scout&Guide Fellowship.

d. NYC recommends all the proficiency badges currently in place need to be revised with immediate effect, revisiting its importance and its relevance in the present society.

e. The Committee observed that most of the Rovers/Rangers who are pursing for university education loose their attendance when participating in Scout/Guide Events. NYC had a detailed discussion in this meeting and recommends the involvement of Union Ministry and the University Grants Commission (UGC) to recognise the work of Rovers and Rangers who attend scout/guide event to grant their attendance. This will be a great step towards more participation in events and retention of the members.

f. Promotional Videos of BSG (which are professionally created) to be aired in a separate YouTube Channel, which can motivate people around.

g. NYC recommends to include exclusive Sports and Cultural competitions, from the Local Association Level to the National Level, as it will attract more youth to be associated with to the organization.

h. Events such as marathons, rallies and other nationwide promotional activities should be encouraged and promoted which will gain attention of the public, especially the youth of the country.

i. NYC recommends issue of ID cards to all its members, which can be either printed from a portal online, or issued in a card with Barcode / QR Code. The cards should be uniform across the country.

j. The Committee recommends to ensure the State and District Youth Committees are active and a network of all the youth committee members should be established (NYC with SYC, SYC with DYC)

k. It was noticed and discussed in the NYC that, there should be effective change in the Scheme of Training, which still use some the methods of past generation – which are outdated. To regulate this, Youth and Adult Leaders be involved in
major events like SANDHAN where critical decisions on the Bharat Scouts and Guides are taken on Badges / SOT.

1. The committee recommends to have effective representation of the youth in all the committees and decision making events.

- Agenda Item No.2: Strengthening the communication network across the Country, to ensure faster communication.

  a. The Committee evaluated the present BSG Website, and understood that it is outdated and needs a revamp. As the website of an organization is considered as mark of its identity, the present website of Bharat Scouts and Guides needs a total revamp with immediate effect at par to the global standards with recent pictures and videos, which are professionally taken.

  b. NYC recommends creation of a YouTube Channel for Bharat Scouts and Guides NHQ, which in turn will project the activities of the organization globally.

  c. As part of the meeting, NYC analysed the social media presence of Bharat Scouts and Guides, especially in Facebook. It has been noted that there are multiple pages which are identical to the official page of Bharat Scouts and Guides. NYC recommends the National Headquarters to regular update the contents of these pages, which are presently not neutrally moderated and/or not updated frequently.

  d. The committee recommends to involve specialised Rovers/Rangers as interns for various roles:

   i. Rovers/ Rangers pursuing Journalism can be involved in reporting or content generation.

   iii. Rovers/Rangers who have designing expertise can help in designing brochures, flyers etc.

NYC recommends these Rovers/ Rangers should be given a certificate of internship or appreciation which will also help them build their career.

  e. It was reported by the nodal officer that the National Bulletin lack sufficient content every month, which is anticipated from the states. In order to avoid this
delay, NYC recommends National Headquarters to issue a circular to invite news and reports directly from units as an email, where the states can be copied.

f. National Youth Committee have discussed the content of the NHQ Magazine being published and identified that most of the content are reports of the events, written in a traditional way. A change for this is recommended to NHQ by including various articles written by Scouts/Guides on their experience in the camp where they participated, than the traditional way of reporting.

g. NYC observed that there are so many subscriptions, for which the NHQ Bulletin is not delivered. It is recommended to have an online portal for subscription for the NHQ Bulletin with a payment gateway, where the payment can be done online and the NHQ can despatch the Bulletin for the orders received, for which the payments are received in NHQ account.

h. NYC recommend the newly built website to be responsive to mobile phones.

i. NYC also discussed the value of an Alumni Portal, where the NHQ can be in touch with the past members, who have left scouting at some point of time due to personal or professional reasons. NYC recommends this to be the part of our website, when revamped.

A scarf can be worn over the said uniform as done globally.
